

## A BIG RELAY RACE

From Washington City to Denver  
to be Run in August.

## IT WILL PASS THROUGH WHEELING

And a Number of Local Wheelmen  
Will Take Up the Relays—"Through  
West Virginia in Forty Minutes"  
Expected to be an Accomplished  
Fact—Particulars of the Coming  
Big Wheeling Event.

America's amateur wheelmen a little  
over two years ago "pulled off" the  
greatest long distance relay race ever  
known in the world, the route being  
from Chicago to New York, a distance  
of 1,000 miles. The packet which con-  
tained a dispatch from Gen. Nelson A.  
Miles, U. S. A., to Gen. Howard, then  
stationed at Governor's Island, New  
York, was delivered to the latter officer  
after three days of swift pedaling  
through a storm of rain, over roads that  
were said never to have been so muddy  
before. The result of that race proved  
the practicability of the cycle for mili-  
tary work even on the poor highways of  
this country.

That race went over the northern  
route along the lake shore, and aside  
from the very successful relay race of  
the INTELLIGENCER from Pittsburgh to  
this city last September, Wheeling peo-  
ple have seen such a contest. The  
INTELLIGENCER is able to state authori-  
tatively that a relay race will take place  
this summer that will eclipse all pre-  
vious ones, and that it will pass through  
Wheeling. In fact, the arrangements  
for the riders who will take part are be-  
ing completed now.

The annual meeting of the League of  
American Wheelmen will take place in  
Denver next August, and as an attrac-  
tion extraordinary the officials of the  
Illinois division intend running a relay  
race on wheels from Washington City  
to Denver, to end at the latter city dur-  
ing the meet. The matter is in the  
hands of Vice Consul Arthur D. Black,  
of Jacksonville, Ill., and yesterday  
Chief Consul Jason C. Stamp, of the  
West Virginia division, received a let-  
ter from the former asking him to take  
charge of the race in this section. Mr.  
Stamp readily agreed to do this and  
will at once proceed to make arrange-  
ments for the swiftest cyclists in the  
vicinity to act as relay riders between  
West Alexander, Pa., and Cambridge.  
One thing is sure, West Virginia will  
be crossed quicker than any state on the  
route. It is confidently expected the  
riders between West Alexander and  
Wheeling will do the distance, sixteen  
miles in about forty minutes—"Across  
West Virginia in forty minutes," sounds  
very catchy.

The route for the race extends from  
Washington City, along the National  
pike, through Wheeling, Columbus,  
Richmond, Ind., Indianapolis, Danville  
and Springfield, Ill., Hannibal and Kan-  
sas City, Mo., Great Bend, Kas., and  
Pueblo, Colo., to Denver, a distance of  
about 2,300 miles. Three riders will  
make up the relay in this state, and  
altogether probably 400 or 500 wheel-  
men will be in it. It will undoubtedly  
be the greatest event in cycloped.

## Greer and Worls' Race.

The five mile bicycle race between  
Will Greer and Walter Worls, which is  
to take place this evening at the North  
End rink, is attracting much interest  
and there will no doubt be a great  
crowd on hand when the starter cries  
"Go." Both riders are in excellent shape  
physically and, as they seem about  
equally matched, a good race is as-  
sured.

Last evening both Greer and Worls  
did practice spins at their best pace,  
and the result was a mile for Greer in  
2:55 and Worls the same distance in  
2:58. The race will be started at 9  
o'clock, and there will be roller skating  
both before and after the event of the  
evening. The track has been rebanked  
and is in elegant shape.

## The Skating Race.

The three-mile skating match, be-  
tween E. F. Hanke and E. C. McClellan,  
which takes place Thursday, the  
22nd, is attracting interest. Hanke will  
go into hard training the first of next  
week, and McClellan will do the same.  
Hanke claims he will show the people  
here one of the fastest races ever wit-  
nessed in this city. Betting has al-  
ready commenced, and one wager was  
made last night of \$50 against \$35 that  
Hanke would win. This will be a big  
event and a big crowd will attend, as it  
will be a great race, and both will do  
their best to win.

## The Bicycle Trade.

The pleasant weather of the past week  
has been the cause of marked activity  
in one line of trade—the bicycle dealer's.  
All of the local houses are doing a good  
business these days. At George W.  
Johnson's Sons, the bicycle manager,  
reports sales of many wheels, nearly all  
high grade. At K. Hoge's on Market  
street a number of new patterns have  
been received and are much admired.  
Jason Stamp has the Raleigh line and  
expects a good trade this season. This  
is the wheel that Zimmerman rides.

## Outdoor Athletic Work.

A number of the boys of the Wheel-  
ing Athletic Club are getting up an  
outdoor class for work on the State Fair  
grounds track this spring. All of the  
foot ball team will be in the class and  
a number of others who prefer running  
and jumping to the hot work in the  
club's "gym." The outdoor course will  
be commenced in a few days.

## Bowling Matters.

The games between the Wheeling  
Athletic Club and the Bowlers  
have been postponed until some date  
not yet selected, as the alleys at  
Solbert's were engaged for last evening.  
The interest in the outcome of the  
bowling league race becomes more pro-  
nounced as the end draws near—in  
three weeks all will be over.

## Mixed Wrestling Match.

The following telegram was received  
from Pittsburgh last evening:  
Mike Danner, champion light-weight  
wrestler of West Virginia, will be in  
the city to-morrow. He comes to make  
a mixed match with Prof. Ed. Reilly,  
of this city. The contest will take place  
at Washington, Pa., as Danner's back-  
ers live there.

## They Want the Best.

"The people of this vicinity insist on  
having Chamberlain's Cough Remedy,  
and do not want any other," says John  
V. Bishop, of Portland Mills, Ind. That  
is right. They know it to be superior to  
any other for colds, and as a preventive  
and cure for croup, and why should  
they not insist upon having it? 50 cent  
bottles for sale by Chas. E. Gootz, Will  
W. Irwin, Chris. F. Schenck, Chas.  
Menckemeler, William E. Williams, S.  
I. Brice, A. E. Scheele, Will Menckemeler,  
John Coleman, Richards & McElroy,  
W. H. Hague, Wheeling; Bowin &  
Co., Bridgeport, and B. F. Peabody &  
Son, Beawood.

## SUED FOR FEES.

Congressman Alderson Claims He Paid the  
Money, but Clerk Goshorn Says He Has  
Not.

Special Dispatch to the Intelligence.

CHARLESTON, W. Va., March 7.—The  
last echo of the Alderson-McGinnis  
election contest was heard to-day in the  
shape of a suit in the circuit court to-  
day brought by County Clerk Bill Dave  
Goshorn against Mr. Alderson for \$51.50  
in fees. Mr. Alderson claims that the  
bill was paid and testifies to that effect,  
while Goshorn, on the other hand, testifies  
that it was not. Gen. Watts and  
Malcolm Jackson represented Mr. Alderson  
and S. D. Littlepage Mr. Goshorn.  
The claim of the defendant is that  
the suit was brought for political effect,  
the object being to injure him in the  
coming campaign where he will be  
a candidate to succeed himself in Con-  
gress. The jury was unable to agree  
when court adjourned and was given  
until to-morrow morning to report.

vice of The Associated Press now in-  
cludes some 11,000 miles of line, stretch-

## OFFICIAL INFORMATION

From Minister Baker Regarding the  
Landing of the British at Mosquito.

WASHINGTON, D. C., March 7.—The  
department of state has received the  
first official information of the opera-  
tions of the British naval force at Blue-  
fields near the mouth of the Nicaragua  
canal. It came in the shape of a dis-  
patch from United States Minister  
Baker at Managua. He says that the  
United States Consul at San Juan del  
Norte, Mr. Braida, telegraphed him that  
soldiers from the British war ship  
Cleopatra have been landed at Blue-  
fields and strongly urged that a United  
States naval vessel be sent there at once.  
There is no explanation in the minis-  
ter's dispatch of the reason for the land-  
ing of the British forces. The proceed-  
ing report of Consul Braida shows that  
when the Nicaraguan government  
forces occupied Bluefields, the rejoin-  
ing Mosquito chief appealed to the Brit-  
ish Consul at San Juan del Norte for  
protection and the question of interest  
at this stage of affairs is whether the  
British troops have been landed to af-  
ford that protection to the Mosquitos, or  
whether the landing was made to protect  
British citizens only.

## Presidential Postmasters.

WASHINGTON, D. C., March 7.—The  
President to-day sent the following  
nominations to the senate:  
Postmasters: Ohio—William C. War-  
neck, Bellaire; Hugh L. McDowell, Ot-  
tawa; John E. Monnit, Canton; Peter  
Weigering, Defiance.  
Pennsylvania—Clinton J. Gitt, Han-  
over; Robert M. Elliott, Gettysburg;  
John E. Adams, Franklin.

## BELLARE.

All Sorts of Local News and Gossip from  
the Glass City.

Frank Good and John Muhleman  
were recognized to court in a bond of  
\$200 each, and failing to put up security  
they were taken to the county jail yester-  
day afternoon. These are the boys  
who stole the rubber goods. They drove  
a wagon right up alongside of Mendel-  
son Bros. storehouse and loaded up  
the goods just as though it was all right.  
The projectors of the Bellare window  
glass works now announce that they  
have raised all but \$7,000 of the \$40,000  
contemplated to organize a new com-  
pany to start the plant, and part of the  
\$7,000 is promised. It looks like a sure  
go, and the tank bottle works below  
town will also be a sure go.

Prof. E. Budonero was taken to the  
St. Clairsville jail yesterday afternoon  
to await the action of the court above  
on the charge of appropriating rings  
belonging to Miss Ida Lucas to his own  
use. The rings are valued at \$40.

The police are now in a state of un-  
certainty. Not many of them see much  
hope of being continued on the force,  
no matter how the election goes this  
spring, and it seems to be a rule, once a  
policeman always want to be.

Mrs. E. C. Morris has leased the

## Impaired Digestion.

The patient is required to diet. In  
building up and maintaining good  
health, milk is recognized as a valuable  
factor, but it is important that it be ab-  
solutely pure and sterilized. Borden's  
Peerless Brand Evaporated Cream  
meets all requirements. Entirely whole-  
some.

Beware of Ointments for Catarrh that  
Contain Mercury.

as mercury will surely destroy the sense  
of smell, and completely derange the  
whole system when entering it through  
the mucous surfaces. Such articles  
should never be used except on pre-  
scriptions from reputable physicians, as  
the damage they will do is ten fold to  
the good you can possibly derive from  
them. Hall's Catarrh Cure, manufactured  
by F. J. Cheney & Co., Toledo, O.,  
contains no mercury, and is taken in-  
ternally, acting directly upon the blood  
and mucous surfaces of the system. In  
buying Hall's Catarrh Cure be sure you  
get the genuine. It is taken internally,  
and made in Toledo, Ohio, by F. J.

## For washing Dishes,

there's nothing like Pearline.  
Why don't you begin the  
use of it in that way, if  
you're one of the timid  
sisters who still think that

Pearline "eats the  
clothes?" Then you can  
soak things in it for a  
year or two, and test it in  
every way, until you become convinced that Pearline can't  
do any harm. But it won't eat your dishes, that's sure. It  
won't clog up the sink pipes, either, as soap does. And  
that cloudy effect that you've probably noticed on cut glass  
and china when it's washed with soap—that won't be there if  
you wash it with Pearline.

Send it Back  
Peddlers and some unscrupulous grocers will tell you "this is as good as"  
or "the same as Pearline." IT'S FALSE—Pearline is never peddled,  
and if your grocer sends you something in place of Pearline, he  
honest—send it back.

## PROPOSALS.

## SEALED PROPOSALS

—FOR THE—

## Removal of Garbage.

CITY CLERK'S OFFICE.  
WHEELING, W. Va., March 5, 1894. 1  
Sealed proposals will be received at the office  
of the City Clerk until  
FRIDAY, MARCH 9, 1894, AT 5 O'CLOCK P. M.,  
for the removal of all kitchen garbage and offal  
from within the limits of the City of Wheeling  
for the term of four months, commencing on  
the first (1st) day of May, 1894, and ending on the  
30th day of April, 1895.

It is further ordered by the Council of the City  
of Wheeling that the contractor for the removal  
of kitchen garbage and offal be required to en-  
ter into a contract with the City of Wheeling,  
which said contract shall contain in addition to  
the ordinary provisions, provisions  
substantially in accordance with the following,  
to-wit:

That the contractor awarded the contract for  
removing garbage and offal for the ensuing  
term of four months from May 1, 1894, to April 30,  
1895, be required to leave with the Clerk of the  
City of Wheeling the amount that may be due  
him at the end of the first month, for the pur-  
pose of providing a guarantee fund for the en-  
forcement of his contract.
